Languages: Spanish (Native), English (B2)

Professional Summary

Back End Developer with over 7 years of experience building scalable, high-performance systems using Node.js, .NET, microservices, and REST APIs. Passionate about writing clean, maintainable code and robust architectures. Experienced in high-concurrency environments with modern tech stacks and cloud deployments.

Technical Skills

- Languages: JavaScript, TypeScript, C#, PHP, SQL
- Frameworks: NestJS, .NET Core, Angular, Express, WordPress
- Databases: MongoDB, MySQL, MariaDB, SQL Server, PostgreSQL, Redis
- Architecture: Microservices, Event-driven architecture, MVC
- Cloud: CI/CD, Docker, Kubernetes, Azure, DigitalOcean, Linux, Jenkins
- Tools: Git, GitHub Actions, Gitlab Pipelines, Azure DevOps, SonarQube, Visual Studio, Windsurf

Professional Experience

Gamanza Group AG — Software Engineer II

San José, Costa Rica | Sep 2019 – May 2025

- Led the development of key services for a real-time gamification system.
- Designed event-driven architecture using NestJS, RabbitMQ, and MongoDB.
- Deployed services in containers with Kubernetes, supporting high transaction loads.

MGM Media Consulting - Cloud Consultant

Remote | Aug 2021 – Nov 2024

- Designed and implemented Azure-based cloud architecture to run microservices for a production grade platform.
- Ensured overall system reliability and monitored performance to detect bottlenecks and failures.
- Set up CI/CD pipelines for development, staging, and production environments using GitLab Pipelines.
- Optimized cloud infrastructure to reduce operational costs.
- Migrated legacy on-premises services to Azure cloud.

CreativeDrive — .NET Developer

San José, Costa Rica | Dec 2018 – Oct 2019

- Built a government-facing form management system using .NET Core and Azure Service Fabric.
- Developed and maintained SOAP-based web services for system integration.
- Developed Windows Forms applications for enterprise clients, focusing on form processing, data validation and user interaction.
- Implemented UI components with Angular.

Elementary — WordPress Developer

Hojancha, Costa Rica | Oct 2016 – Jul 2019

- Developed custom themes and plugins for WordPress/WooCommerce.
- Managed VPS with Ubuntu, MySQL databases, and deployments on DigitalOcean.

Componentes El Orbe, S.A. — IT Support Technician

Hojancha, Costa Rica | Nov 2013 – Nov 2018

- Provided technical support to schools: Cisco/HP networking, Windows servers, and educational software.

Education

- Universidad Estatal a Distancia de Costa Rica
Higher Diploma in Computer Engineering · 2017–2019
- Universidad de Costa Rica
Technical Degree in Networks and Communications · 2010–2011

Courses and Certifications

- Official NestJS — NestJS Fundamentals (2020)
- LinkedIn Learning — Building Web APIs with ASP.NET Core (2018)
- Coursera — Google Cloud Platform: Core Infrastructure (2020)
- LinkedIn Learning — Microservices Foundations (2021)
- Microsoft Learn — Microsoft Azure Fundamentals (2024)
- Platzi — Backend with NestJS (2022)
- Platzi — Modular programming with NestJS (2022)
- Platzi — Intro to Blockchain Development: Smart Contracts (2021)
